```
I regret leaving my soul
I forgot I needed it, to feel
Maybe when I die
I'll just grab it real quick
I'm coming right back
I regret leaving my mind
I forgot I needed it, to think
And maybe to keep me alive
Can't believe I got so far with a head so empty
But I still have eyes
Wait for me
Wait for me
But I still have feet
Wait for me
Wait for me
I regret leaving it all
I forgot I needed God, like a big brother
And maybe when I die
Yeah when I die
I will die escaping
I will die returning to the fold
But I still have eyes
Wait for me
Wait for me
But I still have feet
Wait for me
Wait for me
But I still have faith
If I ever had faith
Wait for me
Wait for me
```
