

Can I Get Another'

The Toasters

Can I get another gin?
I gotta alter this state I'm in
Fill my life with liquid sin
Can I get another gin?

Can I get another pint please?
Put my mind at temporary ease
Hang my belly down beneath my knees
Can I get another pint?

Life is such a wild ride
Head first down the infinite slide
Over the cliff with my eyes open wide
Smashed across the rocks with the tide

Can I get another vodka?
I gotta find a plane that's higher
Give me the stuff that puts me under
Can I get another vodka?

I wanna give it to Sledge...

Too long I've been in this cage
Under my smile burning with rage
Things are kinda gettin hard to gauge
With all the words running off the end of the page

Can I get another gin?
I gotta alter this state I'm in
Fill my life with liquid sin
Can I get another gin?

Whooooo!

Can I get another gin!
