

Decision at Midnight

The Toasters

Johnny's got a problem and he's shooting above
Decision at midnight
I heard him tellin Mr. Trouble that the job don't pay
enough
Now Johnny goes and drops out of site
Decision at midnight
They took him down an alley and shot him right between
the eyes
Decision at midnight

Now Julie's on a barstool knockin them back
Decision at midnight
Thinking up a story so she can beat some rap
She's high on booze and high on pride
Decision at midnight
And win or lose
It's a...decision at midnight

Decision at midnight!
So win or lose
If you run alright
The choice is yours
Decision at midnight!

Jailbird bosanova got caught and charged for the first
time
Got a five to fifteen year bid
South Jamacian Queens Posse murda killin
Your doin time jailbird
Death penalty should be enforced
Life in prisonment for you jailbird bosanova
Still remember what he wanna call himself...bosanova

So now he's doin time up in the joint
Decision at midnight
I heard he got picked up during Operation Pressure
Point
Said he'd stop when it got too much
Decision at midnight
Should have seen his face when they were slapping on
the cuffs!

Decision at midnight
Decision at midnight

So win or lose
If you run alright
The choice is yours
Decision at midnight!
At midnight!
