The Toasters

Too many people tell me  
What to do and how to be  
I got 97 channels but there's nothing on TV  
Information superhighway  
Modem is on full  
May as well hotwire a socket  
Right into my skull

Direction! Direction! I need direction...

50 weekly tabloids  
In my face to keep abreast  
Of Michael's indiscretions  
Or the size of Dolly's tits  
Oprah's on a diet  
She's talking 50 pounds  
I need that junk food ballance  
Keep my feet down on the ground  
Direction...  
Computer network junkies  
Calling on the phone  
I got one eight hundred call lines  
Pumping right into your home  
Need some extra knowledge?  
Got a database to loan  
File it under couch potatos  
In the twilight zone

Direction! Direction! I need direction...  
Direction! Direction! Direction!  
Which way to go!  
Direction!  
I don't know
