

## Dub 56

The Toasters

Politicians scheming  
Try to bring a new tax  
Populations sleeping  
Got to get hip to the facts  
Take a moodette out on the dance floor  
Bass man put down a lick  
Get involved and your problem is solved  
Little thing called Dub 56

Dub Dub Dub 56  
Dub Dub Dub 56  
Dub Dub Dub 56  
Dub Dub Dub 56

General population  
Vegged out to the max  
Six-pack of beer, religious career  
And a TV keeps 'em relaxed  
If you want to find an escape route  
I tour on a regular fix  
Clear out your mind  
Leave the bullshit behind  
Little thing called Dub 56

When you're standing on the corner  
Waiting for the music to kick  
Throw right down  
Head into town  
Take a little ride on  
Dub 56

Take a little Ellington big band  
Buru drum rhythm that sticks  
Guitar offbeat put the groove to your feet  
Throw a one drop into the mix  
Take your modette out on the dance floor  
Bass man throw down a lick  
Clear out your mind  
Leave the bullshit behind  
Little thing called Dub 56

Waiting for the music to kick
