

# Everything You Said Has Been A Lie

The Toasters

You said that you would tell me why  
You said that there was no other guy  
Wait a minute, let's not pretend  
I'm not your puppet and you're not my friend  
Everything you said has been a lie

What is this drama that I hear?  
Is it me or is it just the time of year  
Why am I feeling like Aladdin's genie  
Trapped in a bottle where no one can see me  
Tell the time and I will disappear

I turn around and there's something wrong  
Will somebody tell me what's been going on  
This ain't easy, this ain't fun  
And there ain't no pleasing everyone

You say you want to end it clean  
But if this ain't dirty, I don't know what you mean  
What you say in your own defense  
Makes no difference, don't make much sense  
Everything you said has been a lie

I turn around and there's something wrong  
Will somebody tell me what's been going on  
This ain't easy, this ain't fun  
And there ain't no pleasing everyone

You said that you would tell me why  
You said that there was no other guy  
Wait a minute, let's not pretend  
I'm not your lover and you're not my friend  
Everything you said has been a lie

Everything you said has been a lie
