Get on down...get on down  
Get on down...get on down  
Get on down...get on down  
Get on down...get on down

Yu neva head ma baby when ma baby dida cry  
Woi yai yoi yai yoi yai yai  
Yu neva head ma baby watch mi hear mi  
Put dem ina office tink dem did a try  
Everything dem sey was a big bag a lie  
Climbing up di ladder with political fame  
Helping poor people dem naa bear di name

Get on down...get on down (4x)

Who fi listen who fi hear mek dem hear  
Wid da whole wide world dis ya message mi share  
Some wi tek it personal. Ruby don't care  
Good ganga weed ma fi bun  
Running up di eagle and the bear  
Facing dem devil wi have no fear  
Almighty fater guide I there

Get on down...get on down (4x)

I feel di earth tumbling at my feet  
Moving and I'm dancing to a rebellious beat  
Hot blooded people could a never be tamed  
Wi a freedom fighter in a wi vain dat ordained

All we dem do trying to inflict pain  
Wi do yah standing strong dem doing dat in vain  
So tek the strain from off a yu brain  
And mek wi travel on righteous pain

Get on down...get on down (4x)
