

I'll Do My Crying Tomorrow

The Tokens

Tonight she'll say she doesn't love me
I'll smile and say that I don't care
I'll never let her know my sorrow
I'll do my crying tomorrow

She'll tell me that she loves another
I won't know who, I won't know why
Instead of tears I'll turn and go
I'll do my crying tomorrow

I know someday I'll find another
I don't know how, I don't know where
Tonight I'll wish upon a star
I'll do my crying tomorrow
