

My Friend's Car

The Tokens

Look at her go
My friend's car
Look at her go
My friend's car

My friend has a short that I wish were mine
I see it every day and it looks real fine
She has a 4-21 that's a stroke and bore
A four speed shift, press it down on the floor

Look at her go
My friend's car
Look at her go
My friend's car

She has a little flame paint job that's really a gag
She can take on any show, I bet you, in her class
She leaves them in the dust when she turns a corner
I only wish I was the one that bought her

Look at her go
My friend's car
Look at her go
My friend's car

Look at her go
My friend's car
Look at her go
My friend's car

Sometimes my friends take me for a ride
It sure looks just as pretty when you're in the inside
Guess I'll save my money and one day you'll see
He's gonna sell that groovy little short to me

Look at her go
My friend's car
Look at her go
My friend's car

Look at her go
My friend's car
Look at her go
My friend's car

Look at her go
My friend's car
