

Please Write

The Tokens

Please write
While you are away
I'm waiting for your letter each day
Please write, please write
And tell me you're alright
That's all I'm asking of you

Darling please write
I miss you so my dear
When the lights are low
That's the time I know
It's you that I adore
For now and evermore
Darling please say you will write

Angels oh angels
Hear my plea
Speed my loved one back to me
Each minute of the day
Slowly ticks away
What more can I say

Please write
The words I long to hear
'Til you come back home
This heart will never roam
Oh darling, darling
Please please write
Please write
Please write
