

When I Go to Sleep at Night

The Tokens

When, when I go to sleep at night
When, when I go to sleep at night

When I go to sleep at night
I say a prayer I hope you care
When I go to sleep at night
I thank Lord you are there
I dream of you
The whole night through
When I go to sleep at night

You are the sweetest girl
That I could ever know, I love you so
When you're close to me my heart is
All aglow, don't you know
I love you so it's true
My dreams are all of you
When I go to sleep at night

Angels then start the chime
Thanks for this love divine
My dreams have all come true

Thanks for the gift
You sent from up above
An angel to my life on earth is true

Now I go to sleep at night
I say a prayer I know you care
When I go to sleep at night
I am sure the angels heard my prayer
It's you that I adore
For now and evermore
When I go to sleep at night

When, when I go to sleep at night
When, when I go to sleep at night
