

When Summer Is Through

The Tokens

All, summer long, I'll be praying that you
Will still, feel the same, when the summer is through

Come back, when the summer is over
I'll wait for you, so impatiently
I'm longing, to see you in September
This summer can't go by soon enough for me

My nights, they go by oh, so slowly
My days all are spent, thinking of you
Can't you see, you belong to me
Oh, my darling
Hurry back, when the summer is through

My nights, they go by oh, so slowly
My days all are spent, thinking of you
Can't you see, you belong to me
Oh, my darling
Hurry back, when the summer is through

All, summer long, I'll be praying that you
Will still, feel the same, when the summer is through
