

Daddy's Coming Up

The Tony Danza Tapdance Extravaganza

Woah
All this trapped in this cabin
Lost in woods with my hero
It strolls around the room
Rocking chair
When there's no one there
And me left to see... disbelief
Now take my hand
Now let bruce go
Take me instead
I'll just lust for this
Forget all the words
It froze my stare
Now let bruce go
Take me instead
