

Wild Mountain Honey

The Tragically Hip

I don't want to put another thought in my head

The hummingbird is cleared for maintenance
Evacuating long after it made no sense
It's not so much a load out and stay any more
As a got to get down the road before the temperature soars

I don't want to put a little thought in your head

Diplomacy goes even better with drinks
Until the big city trees began to shrink
It's not so much a load out and stay any more
It's got to get down the road before the snarling traffic roars

I don't want to ask you what you got in your head
I'm not going to ask you a whole bunch of questions

Okay, we agree to disagree
Giving up, giving up the embassy
Is a whole lot better than the embassy's surrendering

Flying home under the approval of the stars
I couldn't be more at home with the way things are so hard
It's not so much a load out and stay any more
It's a got to get down the road before the confetti cannon blows with litigious force

I don't want to ask you what you got in your head
I don't want to ask you what you been thinking
I don't want to put another thought in my head

I don't want to put another thought in my head
