

My Little Lady

The Tremeloes

I think about my baby
A perfect little lady
I think about her shiny golden hair
I've never been a dreamer
But every time I see her
I start to float away into the air
Oh, oh, oh
My little lady
You can make the sun and moon begin to shine
And if you could have your way every day would be fine
It's no wonder for as long as I may live
I will give you all the love I am able to give
I wake up in the morning
Without a single warning
Before I finish yawning she is there
I think about my baby
A perfect little lady
I think about her shiny golden hair
Oh, oh, oh
My little lady
You can make the sun and moon begin to shine
And if you could have your way every day would be fine
It's no wonder for as long as I may live
I will give you all the love I am able to give
You can make the sun and moon begin to shine
And if you could have your way every day would be fine
It's no wonder for as long as I may live
I will give you all the love I am able to give
