Run Baby Run (Back Into My Arms)

The Tremeloes

Run, run, baby, run
Run, baby, run
Run, baby, run
Run, baby, run (Oh, come back, baby)
Run, baby, run (Bring your kisses to me)
Run, baby, run, back into my arms
Run, baby, run (I need you, baby)
Run, baby, run (I don't mean maybe)
Run, baby, run, back into my arms
Even though you hurt me, I still love you
It's true, even though
I know that you will hurt me again
I will love you
As I did then so
Run, baby, run (If you love me)
Run, baby, run (I still want you only)
Run, baby, run, back into my arms
Run, run, baby, run
Run, baby, run
Run, baby, run, back into my arms
I'm not the kind of guy who'll ever hurt you
Or let you down, so
If that guy you're seeing ever makes you cry
Leave him
Tell him goodbye, so
Run, baby, run (Oh hurry, baby)
Run, baby, run (I'll be waiting for you)
Run, baby, run, back into my arms
Run, run, baby, run
Run, baby, run
Run, baby, run, back into my arms
