

# Another Year Zero

The Trews

I move through this life just moving away  
Knowing you're gonna miss me one of these days  
Keeping what you told me in mind  
Some of us are just passing time

Another goodbye  
Another year zero  
I'm getting tired of being nobody's hero  
I'm outta here  
Another goodbye  
Another year zero  
Nowhere  
Now here  
Another year  
Zero

I am lightning on your ocean  
Catch a glimpse before a slip away  
Keep what you told me in mind  
Sometimes you've got to burn it to the ground and leave it all behind

Another goodbye  
Another year zero  
I'm getting tired of being nobody's hero  
I'm outta here  
Another goodbye  
Another year zero  
Nowhere  
Now here  
Another year  
Zero

Full stop  
Start again  
Pick up, take off just like the wind  
The great wide open's closing in  
Trying to be everywhere with everything  
Leaves you with nothing  
Nowhere  
Now here  
Another year

Another goodbye  
Another year zero  
I'm getting tired of being nobody's hero  
I'm outta here  
Another goodbye  
Another year zero  
Nowhere  
Now here  
Another year  
Zero
