

Oblivion

The Trews

We were going good guns
Then we went and got loaded
And the world exploded
Now it's on fire
When I was putting up my front
You wouldn't back my story
Thank you and I'm sorry
Hold your fire

Oblivion
Oblivion

Oh my second chances
All the chances I've blown
I've never met cold bones
Cause I'm playing with fire
Oh you can make the accusation
Cause the facts are blurry
It went wrong in a hurry
Where was the fire

It's all in my head
It's all in my head
It's all in my head
I'm telling you it's all in my head

Oblivion
Oblivion

Oblivion
The good ones die young

Cause it's way beyond me
Beyond the beyond
It's way beyond me
And it might not last that long

I might not last that long

I hear a Mr. Big Raymond
It was a misunderstanding
I had to make a crash landing
And crawl through the fire

It's all in my head
It's all in my head
It's all in my head
I'm telling you it's all in my head

Oblivion
Good ones die young

Oblivion
Oblivion

Oblivion
Good ones die young

Love live the young

Oblivion

Oblivion

Oblivion

Oblivion

It's all in my head

Oblivion

The good ones die young

It's all in my head
