

Song To Future Me

The Trews

Song to future me
Have you broken free from your history of uncertainty?
Song to future me
I hope you're happy
But if you're not promise me you'll

Get out before you can't cry no more
And don't be fooled by the eye of the storm
I'm sure you've heard all this before
Get out before you can't cry no more

Song to future me
How you making out in this great big world?
Have you found the girl?
Song to future me
I'll give advice for free
When everyone else is busy

Get out before you can't cry no more
And don't be fooled by the eye of the storm
I'm sure you've heard all this before
Get out before you can't cry no more

Song to future me
I'll give advice for free
When everyone else is busy

Get out before you can't cry no more
And don't be fooled by the eye of the storm
I'm sure you've heard all this before
Get out before you can't cry no more
Get out before you can't cry no more
Get out before you can't cry no more
