

What's Fair Is Fair

The Trews

There's a fire in my heart
That's been burning from the start
But you shake my faith and break the trust
Pull the rug out from under us

OK alright, you're going there
But you will find, I'm too much to bear
It's not alright when you know, but you don't care
It's not alright, it's just not fair, it's just not fair
We'll get nowhere
We're getting nowhere

All the fire in my head
Leaves me burning in my bed
I lose my mind, you cross the line
It's not better left unsaid

OK alright, you're going there
But you will find, I'm too much to bear
It's not alright when you know, but you don't care
It's not alright, it's just not fair, it's just not fair
We'll get nowhere

Cause you know me well
You know right where to cut
Where it hurts like hell
No it doesn't take too much
Only time will tell
If we find our way to love

OK alright, you're going there
But you will find, I'm too much to bear
It's not alright when you know, but you don't care
It's not alright, it's just not fair, it's just not fair
We'll get nowhere
We'll get nowhere
We're getting nowhere
We're getting nowhere
We're getting nowhere
