

## Cousin Jane

The Troggs

Cousin Jane, cousin Jane  
Come to stay again, come to stay again  
Cousin Jane, cousin Jane  
Come to stay again, come to stay again.

Each night tip-toe across the landing  
Kiss her lips just as she's standin' there  
As she's standin' there.

Cousin Jane, cousin Jane  
Come to stay again, come to stay again  
Cousin Jane, cousin Jane  
Come to stay again, come to stay again

Each night hold her until the morning  
See her take her place without yawnin' so  
No one will ever know.

Cousin Jane, cousin Jane  
She's come to stay again, she's come to stay again  
Cousin Jane, cousin Jane  
She's come to stay again, she's come to stay again  
Cousin Jane, cousin Jane  
Cousin Jane, cousin Jane
