## **Attack Of The Fifty Foot Woman**

The Tubes

It was a normal date with my girlfriend Sue Blond hair, blue eyes, and five-foot-two The night was cold, the stars were bright From over her shoulder came a strange light

We parked the car down at Three-Mile Point The top was down, we were really going I heard her cry, the reactor flared She grew and grew, I freaked and stared

Attack of the fifty-foot woman Our love was at an end All she did to get her kicks Was step on all the men

I had to run just to save my skin
She scooped me up, I could not win
'my God,? I screamed, to my distress
Got a fifty foot woman in a five-foot dress

Attack of the fifty-foot woman Our love was at an end All she did to get her kicks Was step on all the men

Attack of the fifty-foot woman Our love was at an end All she did to get her kicks Was step on all the men

Look out here she comes
The biggest pair on earth
So scared I gotta go with her

The National Guard couldn't shoot her down Before she left she really trashed our town She left me there, though I tried and tried A fifty foot woman's never satisfied

Attack of the fifty-foot woman Our love was at an end All she did to get her kicks Was step on all the men
