

## Power Tools

The Tubes

Power to lie, power to buy  
I got my edges sharp  
I'm gonna find a mark  
Nobody better ask me why  
I only know I'm gonna try

Power tools  
I can't loose  
In my head  
Power!

It's all part of the plan, of the ambitious man  
I'll do whatever I can, just so you'll unerstand  
First I'll even up the score  
Then, I'll leave them wanting more

Power tools  
I can't loose  
In my head  
Power!

Standing by the window seems so real to me  
Buy yourself some power to make in the street  
Some people buy powder, some people buy booze  
Some people use a chainsaw. Which tool is right for you

Power tools  
I can't loose  
In my head  
Power!

Change the storyline, just to schedule my time  
I got things to use, for to cut me a groove  
Making it high and wide, planning on brand new style

Power tools  
I can't loose  
In my head  
Power!
