

## Tv Is King

## The Tubes

I wish I was the man  
With the mechanical heart  
I'd conquer all my enemies alone  
I'd tear the guys apart  
Then scatter the pieces

I wish I was the man in the soundproof booth  
I wish I had a chance  
To stump the band or maybe tell truth  
And maybe I could win a color television

I really love my, television  
I love to sit by, television  
Can't live without my, television  
TV is king, you're my everything

I wish I had the girl with the bouncy hair  
We'd ride off in a brand new car  
Or fly a plane somewhere  
Like probably Jamaica

I brush my teeth, shampoo my hair  
And shave my face  
Apply the necessary aerosol  
In the appropriate place  
And we'll spend the night  
Together watching television

I can't turn off my, television  
Don't really know why, television  
I understand my, television

You got your works in a drawer  
And your color's on track  
You have to break away  
But you always come back

You make a hundred changes  
But you're always the same  
You make me so excited  
And you make me so lame

You're just a tube full of gas  
And a box full of tin  
But you show me your charms  
And I want to jump in

Oh, if only your chassis  
Was covered with skin  
'Cause TV you're my everything

I really love my, television  
I love to sit by, television  
Can't live without my, television  
I can't turn off my, television

Don't really know why, television

I understand my, television  
I really love my, television  
TV is king, you're my everything  
TV is king
