

## Almost There

The Turtles

I'm gonna see my baby today-yay  
I got a ten more miles on my way  
I'd wait a hundred year for just for one her smiles  
But all I got is a ten more mile

Well I got nine more mile (almost there)  
Well, I gotta see my baby (almost there)  
I wanna love her every day, now (almost there)  
I got a eight more mile (almost there)

I hop in my car and away I fly-eye  
I'm gonna see my baby bye and bye  
I'll love her every day and I'll love her all night  
She's gonna be my woman for the rest of my life

Well, I got seven more mile (almost there)  
Well, I gotta see my baby (almost there)  
I'm gonna love her every day now (almost there)  
I got a six more mile (almost there)

Oh, give it out, baby, oh

Well, I got five more mile (almost there)  
Well, I gotta see my baby (almost there)  
I'm gonna love her every day, now (almost there)  
I got a four more mile (almost there)  
I got a three more mile (almost there)  
I got a two more mile (almost there)  
Just got a one more mile (almost there)  
I knock upon her door
