

## Keep It All to Myself

The Twilight Sad

The love that you see  
For you not for me  
You can't take any anymore  
Don't want you to see me  
Believe me  
I'm hiding my face in my hands

Can't be happy with me?  
What is it you see?  
What did you fall for?  
When I lose sight  
I see you all the time

I've got no patience  
Don't let this end  
Too many feelings  
Keep it all to myself  
Keep it all to myself

You put up with me  
And the love that you see  
You deserve so much more  
Believe me  
If you see me  
Hiding my face in my hands

Can't be happy with me?  
Who is it you see?  
What did you fall for?  
When I lose sight  
I see you all the time

I've got no patience  
Don't let this end  
Too many feelings  
Keep it all to myself  
Keep it all to myself  
Keep you all to myself  
Keep you all to myself

It's not easy, easy  
Don't want you to see me, see me  
It's not easy, easy  
Don't want you to see me, see me  
Don't want you to see me, see me
