Comin short a couple o's  
Know some niggas that ain't gold cuz they ain't get back what they owe  
Feel that kick back then reload  
Just like bleach I'm snatchin souls  
On the creep we ridin slow  
Light that cinder, let it blow

All of my niggas is rowdy  
There ain't no talkin about it  
Guns that we holdin, we call it division  
Because it be splitting your body  
Poppin them shits like a molly  
Don't get too close to my body  
I'm with the hitters they down for the killing  
They doin that shit for a hobby

I see you squeamin, you niggas ain't low  
Stick to the plan Ima get it, I don't got a limit  
Like biggie I kick in the do'

Since in the fetus my fingers was closed  
Follow the leader, I'm leadin the league of defeated  
You niggas ain't makin it home  
You gotta issue then we gotta blow  
Send where you live, just send where you go  
Stick to the code, until niggas ghost  
Then we keep to peace, until they prevoke  
Pull out the heater and leave niggas toast  
Yea, I be sinnin but I'm still  
Need my percentage or I'm at the door  
Try keep it calm but niggas is vultures
