

# Hypnotised

The Undertones

I was out on own  
My friends weren't there  
Just about to go home  
When you made me stare

I fell into a trance  
Just watching you dance  
My world just stopped when I saw your eyes on me  
H-Y-P I'm hypnotised  
H-Y-P I'm hypnotised  
H-Y-P

People look at me  
Standing by my self  
But I only can see  
You and no one else

I was still in a trance  
Still watching you dance  
My world ...

Now the dancing just stopped  
And the doors are open  
But I'm still on the spot  
Your spell isn't broken  
I'm still in a trance  
Even though you won't dance  
My world
