

# I Know a Girl

The Undertones

I know a girl  
I know that she knows about me  
She not just a girl  
I think she knows how I feel

I know a girl  
I know a girl

I know a girl  
I know that see her all the time in the street  
She makes me feel  
I'm in love every time that we meet  
I know a girl  
I know a girl

I know a girl  
See her everyday of the week  
She makes me feel  
I'm in love every time that we meet  
I know a girl  
I know a girl
