Natural High

The Union Underground

Times I'm uncertain I can't unwind The shit we learned became a lie Can't live forever angry and blind The lengths we go to satisfy

It's a natural high

I'm not your savior no fuckin' lie
I'd kill myself to stay alive
Forget the future regret the past
No present tense is gonna last

Swimming in a sea of a jealous tide Won't wash your hate away Selling your soul for a piece of mind Can't buy yourself today

Ain't it funny how the power the money The consistency of the truth Bleed today but laugh tomorrow In the burden of our youth
