

Dear Friend

The Union

(Verse: Bruce)

Dear friend the day you left me
I don't why
And your life was way too precious
You touched the sky
Dear friend I know you'll hear me
If I close my eyes
And when I will dream about you
I will always be alive (be alive)
And if I feel you near me
I will realize (realize)
You'll answer all the questions
From the other side

Lay hands on...
Lay hands on...
Lay hands on me
Lay hands on...
Lay hands on...
Lay hands on me

We saw the world together
Traveled many miles
And you left the stage with laughter
I'll always be alive (be alive)
And if I hear your thunder
I will realize (realize)
The voices make me wonder
How we lived our lives

Lay hands on...
Lay hands on...
Lay hands on me
Lay hands on...
Lay hands on...
Lay hands on me

If you want... (Lay hands on...)
If you need... (Lay hands on...)
You can lay (Lay hands on me) your hands on me
If you want... (Lay hands on...)
If you need... (Lay hands on...)
You can keep (Lay hands on me) your faith in me

In the story of your life
So much bigger than the fight

Lay hands on...
Lay hands on...
Lay hands on me
Lay hands on...
Lay hands on...
Lay hands on me

Lay hands on...
Lay hands on...
Lay hands on me

Lay hands on...
Lay hands on...
Lay hands on me

If you want... (Lay hands on...)
If you need... (Lay hands on...)
You can lay (Lay hands on me) your hands on me
If you want... (Lay hands on...)
If you need... (Lay hands on...)
You can keep (Lay hands on me) your faith in me
If you want... (Lay hands on...)
If you need... (Lay hands on...)
You can lay (Lay hands on me) your hands on me
If you want... (Lay hands on...)
If you need... (Lay hands on...)
Lay hands on me...
