

## Grenadine

### The Unlikely Candidates

I miss the way that every drip would taste  
The way you lasted on my tongue for days  
You told me you hated your name  
But I loved it like you love the rain

I've been mixing almost everything with grenadine  
Since you left, I've been a sucker for that cherry sweet  
I drank too much, I fucked it up and now you're only in my dreams  
Grenadine  
Grenadine

I should of held you like a crystal glass  
Let you wash away my bitter past  
Now these memories are all I have  
Spilling out and bleeding through the cracks

I've been mixing almost everything with grenadine  
Since you left, I've been a sucker for that cherry sweet  
I drank too much, I fucked it up and now you're only in my dreams  
Grenadine  
Grenadine

I've been mixing almost everything with grenadine  
Since you left, I've been a sucker for that cherry sweet  
I drank too much, I fucked it up and now you're only in my dreams  
Grenadine  
Oh, Grenadine

Grenadine

Grenadine, grenadine, cherry sweet  
Grenadine, grenadine in my dreams  
Grenadine, grenadine, cherry sweet  
Grenadine, grenadine in my dreams
