

Heartwork

The Used

Oh-oh, oh-oh
Oh-oh, oh-oh
Oh-

Fists clenched in prepared kindness
Jaws grind in syncopation with primordial electric twitch pulse
s of kindness
Moment-made involuntary movement
Swift slashing swings of severe blunt-force kindness
Knucklebones' crystalline collisions crash as physiologic thwap
s and thumps
Of kindness
Euphoric blackout of rage of kindness
Blows sending sway
The baby hairs on prettiest peach fruit dermis
Swollen shunts showing sweet palette purple
Reprinted with the violence of kindness
Bludgeoned to a pulpy pith, the pulpith of kindness
En masse, a world body blown to bits
Bashed and beat broken to fragmented particulate
A sludge-kludge swamp of bubbled bone and fang
Killed by and with kindness
A quote-unquote kindness holocaust
