

# Surrender

The Used

Started out as a feeling  
But the feeling it started to grow  
I get stuck in the meaning  
And the answer's beyond my control

I could walk to the edge in the middle of the dark  
Hold my breath, take a step, feel it all fall apart  
'Cause I know exactly who you are  
And I know just what you're doing to me, it's over (it's over)

Broken you found me  
My angel, my shoulder  
To lean on,  
I swear,  
When I'm with you  
I feel like I'll live forever

This moment  
Feelings exploding  
My heart beats alive  
Now it's true  
I'm giving up, I surrender

So afraid of the feeling  
So afraid of what I had to show  
Broken down so completely  
And there's nothing I had to let go

So I walked to the edge in the middle of the dark  
Hold my breath, take a step, felt it all fall apart  
'Cause I know exactly who you are  
And I know just what you're doing to me, it's over (it's over)

Broken you found me  
My angel, my shoulder  
To lean on,  
I swear,  
When I'm with you  
I feel like I'll live forever  
This moment  
Feelings exploding  
My heart beats alive  
Now it's true  
I'm giving up, I surrender [3x]

Started out as a feeling  
But the feeling it started to grow  
I get stuck in the meaning  
And the answer's beyond my control

Broken you found me  
My angel, my shoulder  
To lean on,  
I swear,  
When I'm with you  
I feel like I'll live forever  
This moment

Feelings exploding  
My heart beats alive  
Now it's true  
I'm giving up, I surrender
