## **Yesterday's Feelings**

The Used

Close my eyes and move to the back of my mind Where worries are washed out to sea See the changes, people's faces blurred out Like the sun spots or raindrops Now all those feelings, those yesterdays feelings will all be 1 ost in time but today I've wasted away for today is on my mind Left the only worries I had in my hands Away from the light in my eyes Holding tight and try not to hide how I feel 'Cause feelings mean nothing now All those feelings, those yesterdays feelings will all be lost in time but today I've wasted away for today is on my mind (yeah today is on my mind) Now I can't care to worry I'm feeling so lonely Breaking apart all this love in my heart Close my eyes and move to the back of my mind Where feelings mean nothing now All those feelings, those yesterdays feelings will all be lost in time (all be lost in time) But today I've wasted away for today is on my mind for today is on my mind yeah today is on my mind Now I can't care to worry I'm feeling so lonely Breaking apart all this love in my heart
