

All in White

The Vaccines

Dm **B F**
1. Break me on the 37th hour,
Dm **B** **F**
Tout me, doubt me, show me all of your power.
I will watch you rise on my back from afar,
Friend, I thought, don't know if you're up in the stars.
F C B F
Oh but I will one day shine with you,
F C B F
I'll shine on a papal view.
C B F
Ahhh
Ahhh

F **Dm**
R: Well, show me long quotations,
B **F**
Help you and your strides.
F **Dm**
Fabricate salvation,
B **F** **F C B F**
Lord, I know your type; I've known you all my life.
I was always wrong, you all in white.

2. Bless my chords I start with a little trouble
Oh my god I begged for a big bubble
I will watch you rise on my back from the ground.
Friend, I don't know if you'll like what you've found.
Because I will one day shine with you,
I'll shine on a papal view.
Ahhh
Ahhh

R: Oh show me long quotations,
Help you and your strides.
Fabricate salvation,
Lord, I know your type; I've known you all my life.
I was always wrong, you were all in white.
(2x)
