

# Headphones Baby

The Vaccines

I wanna live inside your headphones, baby  
I wanna live inside a world, wherever you are  
I wanna live inside your headphones, baby  
Headphones, baby, headphones, baby, headphones, baby

We're melancholy, and hyperbole  
Assimilated, but not related  
The morning hit me like a violent crime would  
I cried for help and all my time, just stood there

I want attention on one dimension  
Just do the moon-walk right out of small-talk  
I can't apologize with no thesaurus  
Why go from beaters when those people bore us?

I wanna live inside your headphones, baby  
I wanna live inside a world, wherever you are  
I wanna live inside your headphones, baby  
Headphones, baby, headphones, baby, headphones baby, headphones, baby  
(I wanna live inside your head)

And I wanna die together like we're movie stars  
Strung out on the bed, over the handle-bars  
And they'll bury us in leather in Hollywood forever  
Don't you wanna die together?  
Don't you wanna die together?

We're fatalistic, and so artistic  
Americana, loved by Nirvana  
I fought for glory, but my friends restrained me  
It's not my fault, it's what my parents made me

I wanna live inside your headphones, baby  
I wanna live inside a world, wherever you are  
I wanna live inside your head

And I wanna die together like we're movie stars  
Strung out on the bed, over the handle-bars  
And they'll bury us in leather in Hollywood forever  
Don't you wanna die together?  
Don't you wanna die together?

It's good to see her, I really mean it  
Want complications or compilations  
Can't pop the question if you're live, on read it  
Until your father's back in carbon credit

I wanna live inside your headphones, baby  
I wanna live inside a world, wherever you are  
I wanna live inside your headphones, baby  
Headphones, baby, headphones, baby, headphones, baby, headphones, baby  
(I wanna live inside your head)

And I wanna die together like we're movie stars  
Strung out on the bed, over the handle-bars  
And they'll bury us in leather in Hollywood forever  
Don't you wanna die together?

Don't you wanna die together?

Oh, I wanna die together, your forever man

Wanna be a mortal, baby, that's my jam

We can blame it on the pressure, and I'll love you forever

Don't you wanna die together?

Don't you wanna die together?
