

I Wish I Was a Girl

The Vaccines

You walk into the room with refining and poise
Bewitching, enthralling all of the boys
You're so chic and you're so sweet
And oh

I wish I was a girl
Yeah, I wish I was a girl

You seductive mystery
You're a revelation to me
Life is easy when you're easy on the eye
And I

I wish I was a girl
Yeah I, wish I was a girl

Cause your appeal's an open door
That you float through in your haute couture
Dolce & Gabbana, McQueen Armani Prada
Von Furstenberg on Mulberry, Givenchy and Escada

Oh I, wish I was a girl
Yeah I, wish I was a girl

Oh I, wish I was a girl
Yeah I, wish I was a girl

I wish I was a girl
Yeah, I wish I was a girl
