

Sometimes, I Swear

The Vaccines

I'm caught in the good fight
But I start to feel small
When the gravity hits me
I've got nowhere to fall
I've got nowhere at all

Sometimes, I swear
It feels like I don't belong anywhere
I swear, sometimes
It feels like I don't belong anywhere
Sometimes, I swear
Sometimes, I don't belong anywhere

You, you can't keep your day job
And you, you can't find your feet
Say your best work's behind you
Still, you hate looking weak
More gods than the Greeks

Sometimes, I swear
It feels like I don't belong anywhere
I swear, sometimes
It feels like I don't belong anywhere
Sometimes, I swear
Sometimes, I don't belong anywhere

Sometimes, I swear
It feels like I don't belong anywhere
I swear, sometimes
It feels like I don't belong anywhere
Sometimes, I swear
Sometimes, I don't belong anywhere
