

Cheap Wine

The Vamps

I'm not thinking
When I'm drinking
I got secrets you don't know
But tonight I let them show
Tip of my tongue
So let me finish
Know I'm coming on too strong
But this buzz is coming on

I been thinking bout you, bout you all day
Bout my hands all over your waist
I just want a couple drops of this
And I'll tell ya, tell ya

I drink too much cheap wine
Gon' spill this heart of mine
Spill this heart of mine, baby
I drink too much cheap wine
Gon' say what's on my mind
Say what's on my mind

'Cause I want you to know that I'm drinking about you
Drinking about you
'Cause I want you to know that I'm drinking about you
Drinking about you

Room is spinning
My inhibitions
Are always getting in my way
But now I'm brave enough to say

I been thinking bout you, bout you all day
Bout my hands all over your waist
I just want a couple drops of this
And I'll tell ya, tell ya

I drink too much cheap wine
Gon' spill this heart of mine
Spill this heart of mine, baby
I drink too much cheap wine
Gon' say what's on my mind
Say what's on my mind

'Cause I want you to know that I'm drinking about you
Drinking about you
'Cause I want you to know that I'm drinking about you
Drinking about you

I just want you to know that I need just a little so I can tell ya
I'll be fine on my own but I'd rather come home with you
If you're looking for someone to hold through the night
At least let me try, say what's on my mind

I drink too much cheap wine
Gon' spill this heart of mine
Spill this heart of mine, baby
I drink too much cheap wine

Gon' say what's on my mind
Say what's on my mind

'Cause I want you to know that I'm drinking about you
Drinking about you
'Cause I want you to know that I'm drinking about you
Drinking about you
'Cause I want you to know that I'm drinking about you
