

## Choosing Your Masters

The Vandals

I think my TV's busted - if not this country's dusted - 'cause  
I think I saw 7 Mary 3, - and they were on the MTV - They were  
telling the people to rock the what? - Talentless hippies, Hoot  
ie wannabees, - Southern fried kings of mediocrity - Now let me  
get this straight - you want MTV viewers, - the worlds biggest  
losers, - to vote? - the idea's wrong - in fact there ought to  
be a law - if you can sit through a Silverchair video - you sh  
ouldn't be allowed to vote at all - They call it a revolution,  
I call it a curse - Tabitha sucks and Kennedy's worse - it's li  
ke I got Clockwork Orange things on my eyelids - as I watch the  
fans of Stone Temple Pilots seize power - A layer of shit spre  
ads across the land - it's a PSA from the Rollins Band - now th  
e sellout of all time, - who can't sing or write a rhyme - is t  
elling his Genius club - they have a voice? - Well the voice of  
his fans, - like those of Blind Melons - should be lumped toge  
ther - w/ convicted felons - Just a segment of society - Not en  
couraged to engage in public policy - This idea's wrong, - in f  
act there ought to be a law. - Anyone who bought the last Hole  
record - should be thoroughly deprogrammed - for the safety of  
us all - This idea's wrong - don't choose your masters
