

## Power Mustache

The Vandals

Mustache is a symbol of repression and of hate  
Never trust a man with a butt broom on his face  
It's the facial marking of the man who holds you down  
The source of all your problems, every city, every town  
Stalin, Hitler, Schneider, just to name a few  
got to kill the mustache before it grows on you  
Fight! The mustache power! (3x)  
Fight! Fight! Fight!  
Mustache is authority  
The world is run by assholes  
They try to run our lives from their golden mustache castles  
The Dark Prince was a nazi, his mustache true to form  
instead of arm- band swastikas, mouse ears must be worn  
He terminates employees with the hair above his lip  
cuz in the Fuhrer's kingdom it's dictatorship  
We should take his frozen corpse and shave his fascist face  
and make the magic kingdom a truly happy place  
Fight! The mustache power! (3x)  
Fight! Fight! Fight!  
Pigs across the nation dressed in uniform  
with their gun and badges, a mustache must be worn  
they beat the population with their clubs inflicting pain  
with mustache anonymity, they all look the same  
we must join together till the mustache is removed  
and then we'll have a party with beer and chicks and food.  
Fight the power!  
Fight the power mustache!  
Fight the power!  
Fight the power mustache!
