

# It Gets Better

The Vapors

I wanna spend the night with you  
But I'm not sure you want me too  
Don't wanna read the signs all wrong  
Make you feel you don't belong  
Think I've seen the signs in you  
And everywhere you took me to  
I think the signs are pretty strong  
That you and I can get along

Cos it gets better  
And better every day  
It just gets better  
In every single way  
It just gets better  
I don't care what you say  
It just gets better  
Wo-o-o-o

I'm feeling sad I have to say  
Too many things get in my way  
I guess I'll have to rise above  
This doctor octopus of love

Cos it gets better  
And better every day  
It just gets better  
In every single way  
It just gets better  
I don't care what you say  
It just gets better  
Wo-o-o-o

I try to keep an open mind  
But when you're with me I feel fine  
And when you're not it's plain to see  
Just how much happier I'd be  
If I was with you all the time  
Either at yours or you at mine  
But in the end we'll have to see  
Just how much happier you'd be

It just gets better  
It just gets better  
It just gets better  
Wo-o-o-o

And after all is said and done  
Who's got the strength to carry on?  
Will it be you or is it me  
Who gets to sing this melody?

Cos it gets better  
And better every day  
It just gets better  
In every single way  
It just gets better  
I don't care what you say

It just gets better  
Wo-o-o-o

It just gets better  
It just gets better  
It just gets better  
It just gets better  
Wo-o-o-o
