

## Jimmi Jones

### The Vapors

Do you wanna feel good, Do you wanna feel anything  
Do you wanna keep searching cos there's no other reason  
Do you wanna feel small, Do you wanna fight back  
Do you wanna new soul to stop your heart attack  
Do you wanna take a walk then come into the garden with me

They tell me Jimmie's seen a sign, says he understands everythi  
ng

They tell me Jimmie's got a line to the man from the ministry  
But Jimmies on sale, He's got a mouth to feed  
He's got a mission in life, A thousand lives to lead  
Do you wanna take his hand and come into the garden with me

Jimmi Jones and his soul clones will get you (Jimmies got a pl  
ace for me)

There's a rumour going round that the garden's not the place to  
be  
And little Jimmies in the dark between the devil and the deep b  
lue sea

So we've all gotta change clothes and we've all gotta change si  
des  
We gotta love you, leave you miles behind  
But if you wanna talk a walk then come into the garden with me

Jimmi Jones and his soul clones will get you (Jimmies got a pl  
ace for me)

Heaven is, heaven is  
Jimmi says, heaven is  
Heaven is logical, heaven is physical, wonderful, beautiful, sa  
leable, cynical  
Heaven is the space between your eyes where you disguise your l  
ittle lives

Jimmi Jones and his soul clones will get you (Jimmies got a pl  
ace for me)
