

## Bitch

## The Vaselines

I'm a real bitch,  
I'm a twisted witch,  
I'll screw you around,  
When your feeling down.

I wonder around with my nose in the air,  
I bug all these losers, but I don't care,  
They might think they're better than me,  
But I'm gonna make them history.

I've been around I've done all I can,  
I'll mess you a bud, I'll even steal your man,  
I've tried to hard, been pushed too long,  
Gonna put all you man where you belong.
