

# Mouth to Mouth

The Vaselines

Kiss me, I'm in season  
You make me this way  
It all could be so easy  
Like kissin' with a K

Blood pressure's high  
Don't let me die  
It's an emergency

My pulse is slow  
Not my time to go  
Put your lips on me

Give me mouth to mouth to mouth  
Mouth to mouth, mouth  
Mouth to mouth to mouth

Give me mouth to mouth to mouth  
Mouth to mouth, mouth  
Mouth to mouth to mouth

Touch me with some feelin'  
Please lead me astray  
My tired bones need healin'  
Start kissin' with a K

Blood pressure's high  
Don't let me die  
It's an emergency

My pulse is slow  
Not my time to go  
Put your lips on me

Give me mouth to mouth to mouth  
Mouth to mouth, mouth  
Mouth to mouth to mouth

Give me mouth to mouth to mouth  
Mouth to mouth, mouth  
Mouth to mouth to mouth

Love me for this evenin'  
I won't disturb your day  
There will be no meanin'  
Just a kiss without a K

Blood pressure's high  
Don't let me die  
It's an emergency

My pulse is slow  
Not my time to go  
Put your lips on me

Give me mouth to mouth to mouth  
Mouth to mouth, mouth
