

Slushy

The Vaseline

Long brown hair, eyes were green.
Prettiest girl I've ever seen,
And you'll never miss what you never had.
Oh, you'll never miss what you never had.

Long brown hair, eyes were gray.
Tried and tried to stay away,
And you'll never miss what you never had.
Oh, you'll never miss what you never had.

I do, I do,
I really miss you,
And if I'd only ask your name again.
