

Awaken

The Veer Union

Who let you in?
(Who let you in?)
Under my skin
(Under my skin)
Silence the ones consuming
All we've given

Finally, my eyes awaken

It's like the truth you're chasing
This life keeps overtaking
It's like the use is fading
A world we're recreating

I close my eyes
Embracing my awaking
I'm paralyzed
Embracing my awaking, yeah

Where do you end?
(Where do you end?)
Where I begin
(Where I begin)
Finding the light
That you've been
Hiding within

Finally, my eyes awaken

It's like the truth you're chasing
This life keeps overtaking
It's like the use is fading
A world we're recreating

I close my eyes
Embracing my awaking
I'm paralyzed
Embracing my awaking, yeah

I cannot move
It's been too long
I cannot live

It's like the truth you're chasing
This life keeps overtaking
It's like the use is fading
A world we're recreating

I close my eyes
Embracing my awaking
I'm paralyzed
Embracing my awaking
I close my eyes
Embracing my awaking
I'm paralyzed
Embracing my awaking
