

Out to the Inside

The Veer Union

Like there's a hole in my head, I feel I walk with the dead
But inside of my veins is still running red
As I search for the sun, all I'm finding is this
That the darkness has won filled me with nothingness

Tear my eyes out again
(I can't take this, I can't take this, I can't)
Tear my eyes out again
(I can't take this, I can't take this, I can't)
I try to stay alive
(Alive)
I've been lost inside
But not ready to arrive
On the other side
Cause I'm still alive
In another life
I don't want to find out why
I feel dead inside
I need to find a light

I'll walk out into the light within
I'll turn the out to the inside
I'll walk out into the light within
I'll turn the out to the inside

Don't cross that line
I just feel inside I'm so paralyzed
I'm petrified
But still I try to stay alive

Tear my eyes out again
(I can't take this, I can't take this, I can't)
Tear my eyes out again
(I can't take this, I can't take this, I can't)

I've been lost inside
But not ready to arrive
On the other side
Cause I'm still alive
In another life
I don't want to find out why
I feel dead inside
I need to find a light

I walk out into the light within
I turn the out to the inside
I walk out into the light within
I turn the out to the inside

I'll turn the out to the inside
I'll turn the out to the inside
I'll turn the out to the inside
I turn the out right in into the outside
I turn the out right in into the outside
I turn the out right in into the outside
