

Three Sisters

The Veils

I saw tonight three sister's burning
And muddied by the riverside
I led my love to that burning building
Three sisters were my mother's pride

Oh my God
All this for nothing
Oh my God
Left three sisters burning

I saw tonight my mother's angel
In a backseat fire
In the riverside
I led my love to that burning building
Three sisters were on the other side

Oh my God
All this for nothing
Oh my God
Left three sisters burning

I saw tonight three sister's burning
And bloodied by the riverside
I led my love to that burning building
Three sisters were my mother's pride

Oh my God
All this for nothing
Oh my God
Left three sisters burning
